Dave Walker Buys Farm.

Hughes & Swinebroad have sold for
Hudson & Hamilton their farm of 185
acres on the Lexington pike to C. Dave
Walker at \$107.00 per acre. This
is a good farm and well located being a
part of the old BeazleyBros. place.

Resigns His Position.

Clinton B. Bastin who has been
working for the Hustonville Telephone
Co. for several months has resigned
his position to accept a similar one
with the Cumberland Telephone &
Telegraph Co. He will be located at
Jackson, Ky. for a short time.

Returns Home.

R. W. McRoberts who has been in
Atlanta for several months taking a
course in Pharmacy will return home
in a few days. At present he is in St
Louis attending a Druggist meeting.
He will continue his partnership busi-
ness here in the firm of R. E.
McRoberts & Son.

School Days.

The kiddies are enjoying their last
week of vacation as school begins on
next Monday. Arrangements have been
made for rooms in various parts of the
city for the various classes until the
completion of the new building, when
they will all be again gathered to the
fold.

Advisory Committee.

Hon. Jas. I. Hamilton, J. E. Robin-
son and W. B. Burton have been ap-
pointed members of the advisory com-
mittee to assist Chairman Mount in
organizing the county for the demo-
cratic ticket this fall. The selections
are good ones as all three are past
masters in the game of politics.

Horse Known Here

"Hazel Dawn", the mare who cap-
tured first money in the big \$1000. sad-
dle stake at the Louisville Horse Show
on last Friday night, is not unknown to
Lancaster people. The mare was the
property of Dick Scudder of Lincoln
and Charlie Dunn of Madison, and while
in their possession has often contended
for the premiums at the Lancaster
fairs.

Lee-Grow

Miss Iva Lee and Mr. Oran Grow
were made man and wife by Rev. O. P.
Bush in Lancaster on last Thursday.
The bride is the attractive daughter of
Mr. W. H. Lee of the Nina section
and the groom is a son of Mr. George
Grow of Hackley and both are popular
young society people of their respective
localities.

Good Crops.

The hot weather which has prevailed
during this month has proven very
beneficial to the tobacco crop and
many thousand pounds have been ad-
ded through its influence. The farm-
ers are well along with their housing
although many acres of the late setting
remains as yet uncult. The curing pro-
cess is well under way and the pros-
pects are splendid for one of the best
crops ever raised in the county.

Injured By Horse.

Mr. Thomas Ray a well known and
popular farmer who resides on the
Sugar Creek pike a few miles from
town was injured on last Saturday
afternoon by a horse which he was
driving becoming unmanageable and
beginning to kick. Mr. Ray suffered a
fracture of the right leg below the knee
which is very painful, but which it is
hoped will not disable him for any great
length of time.

Mat Cohen Leaves The Ring.

It will be a source of deep regret to
the many friends in this and other
states of clever Mat Cohen to learn
that after the present season, he will
abandon the horse business for other
fields. Mr. Cohen has accepted a very
lucrative position with a big Canadian
distilling Co. and will assume his new
duties in the near future. The show
horse business loses its star when Mat
Cohen abandons the game, and it will
be hard indeed to find a man with the
splendid abilities along that line to
take his place. With the splendid
knack of making friends of with whom
he comes in contact, "Mat" will soon be
as popular in his new field as he was
in the old one.

Mr Doolin Has Accident

Mr. W. T. Doolin one of the best
known farmers of the Marksburg sec-
tion came near having a serious acci-
dent at the Robinson sale last week.
He was standing about one hundred
yards away from one of the crowd and
was looking at a bunch of cattle con-
fined in a temporary pen. One of the
cattle ran against the wire near where
he was standing and threw a post that
was not fastened in the ground against
Mr. Doolin's head and knocked him
about twenty feet, where he lay un-
conscious for ten or fifteen minutes. A
knot formed on his forehead about the
size of a hen egg and he had Dr. Pur-
sley put some of his liniment on it and
by now it is almost entirely well. If
the post had hit him more on the side of
the head, it might have killed him, for
it was certainly a very hard blow.

Rev. C. C. Brown will fill his pulpit
at the Presbyterian church Sunday
morning.

Mr. Bailey Resigns

Mr. H. C. Bailey, who for the past
few years has been assistant agent of
the L & N at this place, has severed his
connection with that company and will
enter the coal, grain and feed business.
Mr. Bailey was a clever and accommo-
dating official and we are sorry to lose
him in his official capacity, but glad to
know he will remain in Lancaster.

Big Meeting

Every one knows Uncle Joe Hopper.
He will conduct a series of meetings
here at the Presbyterian church begin-
ning the third Sunday in October.
Uncle Joe is a good man and will do
much good here. We sincerely hope
that nothing may happen to prevent
his coming to our town as it will do us
all good to hear him talk again.

Position At State Fair

Mr. Lige Ford, son of County Judge
A. D. Ford held a position at the State
fair in Louisville this year. He was a
clerk in the secty's office and it goes
without saying that Lige performed
well his duties. Sen. G. T. Farris also
had a broad smile and a hearty hand
shake for the Garrard county people
who attended the fair. Mr. Farris was
at the gate and directed people the
way to go.

Baughman's Sale.

Mr. J. H. Baughman, the clever
stockman of Lincoln county has an-
nounced that he will hold his third an-
nual sale at Nunneley's Stock yards in
Stanford, Ky. on Wednesday, Oct. 2nd.
1912. See his advertisement as he is
going to sell a big bunch of stock and
every one has learned not to miss his
sales. The sales for the past two
years are perhaps the largest attended
sales held in Central Kentucky in re-
cent years.

Watkins

Mrs. William Watkins died at her
late home on the New Danville pike
Monday afternoon of acute nephritis
and her remains were interred in the
Lancaster cemetery on Tuesday after-
noon. Mrs. Watkins was the daughter
of the late Jackman Bettis, she was
about 40 years of age and was a lovable
christian woman. She is survived by
her husband and five children, to whom
the sympathy of a host of friends is
extended in their bereavement.

Mr J. W. Sweeney Exchanges Livery Barn For Farm.

Mr. J. W. Sweeney the Lancaster
liveryman has bought of Mr. J. T.
Raney his fine farm of 155 acres on the
New Danville pike about 2 1/2 miles from
Lancaster and known as the "Sim
Anderson" farm for \$120. per acer.
Mr Raney takes in part payment for
the farm Mr Sweeney's livery barn at
\$7000. He gets possession of the barn
on November 1st, and will continue the
livery business. Mr Sweeney gets the
fall seeding privileges and final
possession of the farm on Jan 1st, 1913.

Old Time Democratic Do'ins.

The Democracy of Kentucky is gath-
ered in Lexington today, Thursday, full
30,000 strong, and a genuine old fash-
ioned love feast, the like of which has
not been seen in the last quarter of a
century is being held. Bands, Burgo
and Oratory are on tap without limit;
special trains are run from all direc-
tions and special rates from every
hamlet to enable the untirred to
gather and the accommodations are be-
ing taken advantage of unstintedly.
Orators of world wide fame, men high
up in the democratic councils from all
over the United States, supplemented
by the leading party men of the state
are there ready to expound the doc-
trine to the assembled hosts and to
point out the way for rolling up an
unprecedented majority for Wilson and
Marshal. Lancaster furnished a good-
ly number at the gathering.

Water Works Improvements Begin And To Be Pushed To Rapid Conclusion.

The improvement of the Lancaster
Water Works system, for which \$12,
000; in bonds were voted at the last
November election, are to begin at
once, in fact they have already start-
ed, Mr. Charles M. Crawford of Lex-
ington, a practical engineer, having
been employed and has already begun
his operations, surveying and locating
the site for the stand pipe, and the
other preliminary work necessary to
the letting of the contracts.

Mr. L. E. Herron, the Superinten-
dent of the Water Works, who has
been indefatigable in his efforts to
have the work commenced, and whose
efforts finally succeeded in disposing of
the bonds, tells us that it will probably
be necessary to let three different con-
tracts for the completion of the work,
one for the standpipe, or reservoir, one
for the new filter and the other for the
raising of the dam. Mr. Herron fur-
ther tells us that the work will be
pushed forward as rapidly as possible
and every effort will be made to have
the earliest possible completion and
the lake ready for the winter rains,
the new filter to sterilize the water
and the reservoir to hold and store the
water and reduce the cost of operation
to the lowest possible expense, and
finally to give to Lancaster the most
complete and adequate system of water
works of any town of its size in Cen-
tral Kentucky.

R. M. Arnold, Danville Ky, sells
gasoline at 15cts per gallon.

Rev. C. C. Brown will begin a series
of meetings at Buena Vista, Ky., on
next Sunday night.

The Joseph Mercantile Co will be
closed on Saturday Sept 21 on account
of the Jewish holiday called Yomkipoor
meaning day of atonement.

ville Ind., Robert Walker of Shelbyville
Tenn. and John W. Walker of Akron O.,
sons of Mr. W. S. Walker of this place
came home last week in order to be
present at the sale of their fathers farm
and stock which took place at the old
home place on last Tuesday.

Makes Them Right

There will be found in this issue of
the Record the advertisement of Mr. H.
H. Rohrs the Danville tailor. Mr.
Rohrs wants it distinctly understood
that he does not wish to interfere in
any manner with the merchants of
Lancaster, he is seeking the trade of
those who are accustomed to "go to
the city" to have their clothes made,
and to these people he wishes to state
that he can save them money. He
makes his clothes out of the very best
material, employs nothing but the very
best, and highest priced union labor and
he guarantees the fit and workmanship
of every garment. Give him a trial.

Preparing For Big Business

The two good tobacco warehouses at
Danville are preparing for a big busi-
ness this fall. Both houses have built
more floor space and now have about
as large houses and certainly as good
ones as there are anywhere. Each house
can handle about 250,000 pounds a day.
Mr. R. E. Harland will be the auction-
eer for the Danville Tobacco warehouse
and Mr. Givens Terrill will solicit for it
in this county. Mr. Hopper will also
be the book-keeper for this popular
house. The Peoples house or as it is
better known, Col. Ike Dunn's house
will draw a large trade from Garrard
as the Col. is an old Garrard county
man and never fails to let it be known
on all occasions. As yet this house has
n't any one to solicit in this county and
they are not sure as to who will be the
auctioneer.

The Sick.

With the exception of the various
cases of appendicitis, Lancaster has
been exceptionally free from sickness
during the present summer, due in part
probably to the heat not being so ex-
treme, and to the fact that our people
are exercising more care as to the
sanitary condition of their premises.
Mr. John F. Holtzclaw who has been
suffering with typhoid fever, is able to
sit up and is fairly on the road to re-
covery. Mrs. Cleveland Rose is also
reported as doing nicely and will be
able to be out in the near future, much
to the gratification of her many friends.
Messrs Jesse H. Arnold and Logan
Smith, who are in the St. Joseph's
hospital in Lexington as the result of
operations for appendicitis, are doing
nicely. Mr. Arnold is recovering nicely
and Mr. Smith is expected home next
week. Mrs. William A. Dickerson who
recently underwent an operation in the
Good Samaritan hospital in Lexington
is reported as progressing nicely. Mr.
W. F. Champ who is in the Deaconess
hospital in Louisville is sufficiently con-
valescent as to be able to sit up and is
expected home next week, while Mr.
Samuel G. Haselden who is at Norton
Infirmary in the same city is well on
the road to recovery.

Lo Land Buyers.

I have 218 acres of land on the pike
in the Camp Dick Robinson section 1 1/2
miles from the thriving town of Bry-
antsville, 8 miles from Danville and 9
miles from Lancaster Ky.. I will sell
or trade, as a whole, or cut into par-
cels to suit purchasers. The land is
very fertile, producing from 12 to 15
barrels of corn, or 1500 pounds of to-
bacco to the acre.

There are 4 houses and a 15 acre to-
bacco barn on the farm. It has been
plowed but little, having been mostly
in grass, and is now in a condition to
yield abundant crops. It can be
bought at a bargain. Call on or ad-
dress.

The time has come in Lancaster when idleness is a sin, not only a sin but a sin for which there is no forgiveness, at least not in the eyes of the community, for there is no earthly reason why there should be a human being, black or white, male or female, idle, provided they are physically able to work. Nor is there the least reason why anyone should take an excursion and "cross the river" in search of work, for it is right here at your door, looking for you, and if you overlook it, it is your own fault. The farmers out in the country are clamoring for help, tobacco to be cut, housed and later on stripped, corn to be cut and various other kinds of farm labor, and good wages are being offered, so there is no excuse for anyone being idle who really wants to work. And right here in town there is scant excuse for idleness, there is work at the new school building, work at the mills and there will be very shortly an urgent demand for labor in the building of the water works extension.

There was a time when we would not have condemned idleness among our town people, because we knew that work was not to be had for the asking, but that time had passed, work is begging for you instead of you begging for work, the status of affairs is reversed, and if you refused to heed the call, you should be given the benefit of the vagrancy act and put to making little ones out of big ones. Work is honest and no disgrace, rather an honor, and moreover will not hurt you, so pull off that white collar, quit complaining, do not be afraid of soiling your hands and get out and get a job, it will not be hard to find, just let it be known that you want to work and you will have no trouble finding it. Make your self-supporting and cease to be a burden on the old folks, it is not so hard when you get used to it.

With the progress of the presidential campaign the prospects for the success of the democratic ticket becomes more flattering. Hon William Jennings Bryan is to take the trail of T. Roosevelt and read the record of that gentleman past, present and future, and when Mr. Bryan winds up his campaign the big leader of the "Bull Moose" will undoubtedly be "worn to a frazzle". From all over the country comes reports of the growing sentiment in favor of Gov. Wilson and every day brings tidings of people coming to his standard who have heretofore been followers of either one or the other wings of the G. O. P. Down here in Ken'ucky they are predicting as sweeping a majority for Wilson as was given Gov. McCreary, 30,000 or more. Does't that sound good.

We are making a genuine Whole Wheat Flour. Ask your grocer for a 12 pound sack. Garrard Milling Co.

Dinsmore Changes Tickets.

Prof. J. W. Dinsmore of Berea who by virtue of a few measly votes received at the August primary was nominated on the Republican ticket for Congress in the eighth district has tendered his resignation and will be nominated by the Progressives. Mr. Dinsmore gives as his reason for changing parties that he "cannot stand for the steam roller methods used at Chicago. It will be a matter of very small moment to Hon. Harvey Helm as to which ticket the Professor runs under, for when he finishes the Chicago implement will seem but a child's toy beside the democratic majority which will snow him under.

Pay your taxes Court Day.

R. M. Arnold's buggies are the best.

J. W. Dinsmore, Progressive candidate for congress will speak at the court house at 2:30 Monday Sept. 23.

Mr. John M. Farra has finished threshing his clover seed and from the thirty five acres he got about 95 bu. of seed. This is the best yield that we have heard of this season.

Court Day.

Next Monday is court day and the last day of the contest that will decide what young ladies will get the pianos. While you are in town, stop at this office and pay your subscription and vote for your favorite young lady.

Colored School Open.

The colored school began on last Monday with the attendance about up to the average. The school this year is under the same able management as last year, Prof. Burns of Frankfort being the principal with Miss Isabel Overstreet of Lancaster and Miss Dora Beverly of Alabama as assistants.

A True Fish Story

Everybody in Garrard county knows Mr. Ben L. Kelly, champion burley tobacco raiser of Kentucky, champion seed corn raiser of Garrard county, churchman and christian gentleman, his word is as good as his bond, his veracity undoubted beyond question. Mr. Kelly tells us the following fish story. About two miles from Lancaster on the Richmond pike on the old Conn farm now owned by Dr. William Burnett is a large pond which laps over into the edge of the pike. This pond is full of fish, bass, brim and newlights, the brim predominating. Mr. Kelly tells us that while passing this pond on one of the recent very warm days he noticed a cow standing in the edge of the pond in about three feet of water, he noticed a commotion immediately under the cow which did not seem to subside on his approach, upon close examination as to the cause of the commotion, Mr. Kelly discovered that the brim species of fish in great numbers had collected immediately under the cows and were jumping several inches out of the water and catching the flies which were worrying the cows, and that the satisfied bovine was calmly chewing the cud of contentment and evidently enjoying the efforts of her self appointed fly catchers.

Denton.

Mrs. Almira Burnside Denton, wife of Mr. Russell R. Denton, died at her home near Hackley in this county last Friday morning at about 5:30 o'clock. The death summons came suddenly heart disease being the cause. Mr. Denton who had been at the barn on returning to the house found his wife in a chair speechless and in a very few moments she breathed her last. After funeral services at the late home on Sunday afternoon by Rev. O. P. Bush, she having been a member of the Baptist church since her childhood, her remains were placed at rest in the Lancaster cemetery.

Mrs. Denton was born in Garrard county in 1844 and before her marriage to Mr. Denton, which occurred shortly after the Civil war, was Miss Almira Burnside Harris, a member of one of Garrard's oldest and most respected families, which with the death of Mrs. Denton becomes extinct.

Beside a her sorrowing husband Mrs. Denton is survived by seven daughters, as follows: Mrs. Sam Rott of Portland Ore., Mrs. S. D. Cochran of Lancaster, Mrs. V. A. Lear of Lancaster, Mrs. W. S. Fish of Stanford, Mrs. Walker Gwynn of Paint Lick, Mrs. Phil Pettus of Pineville Ky. and Mrs. Lewis Ross of Kirksville Ky.

Of a kindly, christian character, Mrs. Denton had a wide circle of friends, a kind and loving wife and mother she was the family idol and the husband and daughters are almost inconsolable in their grief, a cheerful and accommodating neighbor her loss is mourned by the entire neighborhood in which she dwelt, and the Record joins the wide circle of loving friends in sympathy to the grief stricken family.

Milinery Opening.

I will hold my fall and winter opening on Saturday September 28th. 9-20-21 Mrs. Ada Kinnaird.

Barn Burns.

Mr. Kitchlow Sloan who lives in Boyle county between Hubble and Hedgeville had the misfortune to lose a fine barn the first part of the week. It is said that the barn cost \$1800, and that Mr. Sloan had about \$2500. worth of feed in it. He had \$800. worth of insurance. It is claimed that the fire was the result of hay getting hot and causing a spontaneous combustion. Mr. Lit Sloan also lost a barn by fire a few weeks ago and had no insurance on it.

Keep your property insured by Ed C. Gaines who writes insurance of all kinds.

Roosevelt Overlooks Himself.

Mr. Roosevelt declares that Barnes, Penrose and Guggenheim work hand in hand with the big interests. This is all true. How about Mr. Roosevelt himself?

It was not at the solicitation of Barnes and Penrose and Guggenheim that Edward H. Harriman raised a political corruption fund of \$260,000. It was at the solicitation of Theodore Roosevelt.

It was not Barnes and Penrose and Guggenheim who failed to bring the machinery of the law into play to send George W. Perkins to the penitentiary for violating the Sherman Law in organizing the illegal harvest trust, and who then accepted Perkins' millions to run for a third term for President. That was Theodore Roosevelt.

Patrons of the Lancaster Graded School

The rooms rented for school purposes will be ready by Monday. These rooms have been carefully cleaned and will be all that is to be expected of rooms that

were built for other purposes. School work will begin Monday, September 23rd. Bring all the text books used during the past year. Pending the action of the school board there will be only one session daily. This session will last from 8:30 to 1:30 with an intermission of 15 minutes from 10:45 to 11 for a light lunch. This is only a tentative plan. If the work does not go on well we may be forced to go back to the old way. This will require better work on the part of the pupils. I am going to expect better work this session than I had during the last.

All pupils just entering, or those not having promotion cards must see me first of all. The following are the assignments, subject to change.

1st. A. and B. to Miss Brashear in the front Williams office.

2nd. A and B and 3rd B to Miss Anderson in Senator Bradley's old front office.

3rd A, 4th A and B to Miss Dean in room to the rear of Miss Anderson's.

5th A and B and 6th B to Mrs. Darnold in room over the old Post Office.

6th A and 7th A to Miss Smith in room to the rear of the old Post Office.

8th A and B to Miss West in front room of the old Post Office.

10th and 11th grade boys to Miss Robinson in rear room over the new Post Office.

10th and 11th grade girls to Miss Mason in front room over new Post Office. I will take the 9th and 12th grade pupils in the rear Williams' office. My hours will be from 8 to 3 or later, if necessary. There are many reasons for these assignments and I would prefer that they stand as written. I am always open to reasonable complaints and want to serve the people in the best way possible. A good new building is now waiting for, so please help us all with your co-operation and all will be worth while.

I take this occasion to thank the Central Record for its many courtesies and kindnesses of the past year. This is the only way by which I can reach all the people and for this favor I am grateful. J. L. Riley.

Splendid Meeting.

The series of meetings which began on last Sunday night at the Christian church are attracting large crowds. Rev. J. W. Rudy of Crawfordsville Ind. who is conducting the revival is a forceful speaker, and the singing of Miss Akers and Mr. Cox adds materially to the interest of the meetings which will continue for at least two weeks.

The Walker Sale.

The sale of Mr. W. S. Walker which was held at his country home near Point Leavell on Tuesday attracted a large crowd and from the prices realized for the offerings they were most of them there for the purpose of making purchases. The dinner which was a splendid one and amply sufficient to feed the large crowd, was served by James Carr, a well known colored man of the vicinity, and was favorably commented upon by all who partook of it. The farm was taken down at \$100.25 per acre, Mr. Walker not deeming that a sufficient amount of money for it. The farm is one of the best and most productive in the county and will doubtless be sold privately by Hughes & Swinebroad, the real estate men, who have it in charge, in the near future for a much better figure than was offered at the sale. The farming implements and other personal property brought good prices as did the majority of the live stock. Following is some of the representative sales:—One pair aged mules \$425.50, one aged mule \$182.50, one 2yr old mule \$170., one pair Percheron draft mares \$385., one suckling filly colt by Carroll Preston \$101., one suckling filly colt by Rex Arbuckle \$80., one yearling filly by Rex Arbuckle \$180. Jersey cattle sold well, cows bringing from \$40. to \$68. and a nice short yearling calf being sold to Mr. G. B. Swinebroad for \$40. Sheep brought \$2.35 per head. Hogs were sold by the head and being of good stock brought fancy prices. The corn crop was not sold, the best offer being \$1.75 per barrel laid in the field, which was refused.

Almost Over.

At 4 o'clock next Monday afternoon September 23rd there will be awarded to some lucky young lady a handsome piano in each of the contests which have been conducted by the Record in conjunction with R. S. Brown at Lancaster and the Becker-Ballard Co. at Bryansville Ky. To whoever the awards may be made the lucky young lady will be deserving for each and every one of them have labored faithfully for the coveted prizes, and our only regret will be that we are not able to give a piano to each and every one of them. However, the battle is not yet over, and there is yet time and opportunity for a change in the line up, now "in the stretch" is the time for the final test of strength. Each and everyone of the contestants should put forth their every effort in the few remaining days and make every effort to secure as many votes as possible, and if the result be not in your favor, you will at least have the satisfaction of knowing that you put up a game fight, that you were unrelaxing in your efforts, and that the failure to win was through no fault of your own. Hogwallow News.

Miss Fruzze Allsop last week attempted to mislead the public as to her age by subscribing for the Youth's Companion.

The poor man's diary: Saturday night, a sack of flour, a dollar's worth of sugar, twenty-five cents' worth of coffee and a strip of bacon.

Tobe Mosely is contemplating this fall by building himself a new house. He will build all of the rooms on the south side of the structure, the north side being so cold during the winter.

Prof. Atlas Peck is fixing to extend his teachings to the higher branches of knowledge, and the trustees are wondering if the Wild Onion school house won't have to be made taller when this is done.

It is difficult to bring your mind to imagine that the old, wrinkled-up woman you now see was once a fresh and rosy cheeked girl, with smiles that caught the boys, still they all declare that once they were.

A total stranger passed through Hogwallow yesterday taking up some soap advertisements. Several of our citizens, including the postmaster, took exception to this suggestion and ordered this man to move on.

Columbus Allsop was seen at the Dog Hill church Sunday with his necktie on. This is the necktie Columbus wore to the mourner's bench in '74, and he says it's still good for many more protracted meetings.

Fletcher Henstee, who has been playing the little fiddle in the Excelsior Fiddling Band for the past several months, has invented a new chin rest on his instrument and now will not have to sit down so much while he is playing.

Miss Hostetter Hocks has been asked to teach the school in the Calf Ribs community. She says she would not mind accepting the position if the trustees will build a stile-block out in front of the building for her to mount her mule from.

Luke Mathews's crop of Irish potatoes, which he has watched very closely throughout the summer, are now all fully developed. They are all small, but he says he raised them that way so that if any of them rotted he would not lose much.

The town trustees of Tickville met Friday night in regular session. The minutes of the last meeting were read and approved, and this being the only important matter to come before the meeting they adjourned postmortem. The trustees are improving the town of Tickville very much around their own homes.

Luke Mathews took a look at the train while at the depot at Tickville Monday morning. He says there was nothing like that in the old days, and he is afraid the world is getting so smart something is bound to happen to it. The Editor of the Tickville paper says this is especially liable to happen to the folks that ride on this road.

The two Twins of the Calf Ribs neighborhood have traded for a double-

barrel muzzle-loading shotgun, and are expecting to do some hunting this winter. The only fault Fit Smith found with the gun is that it is too slow on trigger, sometimes several minutes elapse between the time the trigger is pulled and the explosion takes place. The twins, however, can arrange it so both can hunt with it at the same time. One can take the gun along, get a good focus on a squirrel, then pull the trigger. He then hands it over to his brother, who holds it in position until it fires, while he goes on ahead and picks out more game to be shot at.

No one should be satisfied with a cow unless she produces 5,000 lbs. of milk, testing from 4 per cent. to 4 1/2 per cent fat.

The Jersey exhibit at the Kentucky State Fair eclipses all past records both in the number and quality of animals shown.

Eggs washed in water lose the nice fresh appearance they have when first laid. Add a little vinegar to water and use sparingly.

When feeds can be purchased at the prices mentioned it will cost from 15 to 20 cents a day to feed a good dairy cow, or from \$50 to \$75 per year.

Mr. Thomas Rankin bought six mules of Mr. Sweeney Morgan at \$150.00 per head. Mr. Rankin also bought 14 coming two years old mules of Price Bros. at \$115.00 a round.

Sweet corn may be put into the silo and it makes a very good quality of silage. A little more acid, owing to the sugar content of the corn, will develop than when silage is made from common field corn.

Chickens should have good, sweet feed to make good eggs, the same as a cow should have sweet grains to make good sweet milk. How quick a dairyman moves his cows when he finds garlic in his pasture.

Will you feed the hogs in the mud this winter, or build a feeding floor which may cost \$10 or \$100, according

to the size of your herd, but it will pay for itself every time.

Tankage is one of the very best commercial feeds in fattening hogs.

W. B. Burton shipped a car of mules and horses to the Wilson Live Stock Co. last week. 12 mules averaged \$195 per head and 10 horses averaged \$195. This was the first load of stock he has shipped this firm this season but for the next few months will continue to make them car load shipments at intervals.

Mr. Monte Fox of Boyle county is perhaps the largest cattle dealer in Kentucky. Since the first day of May he has shipped from Kentucky to the New York market about 300 cars of cattle weighing from twelve to fifteen hundred pounds per head. They cost him from \$7.00 to \$8. per hundred. These cattle were bought from most every part of the state.

At Hustonville last Friday W. B. Burton bought 2 mules from Jas. Yo-well at \$375, and a nice pony at \$110. He also bought of Joseph Bishop 2 mules at \$315, and of J. W. Hood, 2 good mules at \$425. He also bought of Allen Bros. a nice horse at \$140, and another horse of Miss Ella Barnett, Mr. Burton is to go after the last named horse this week. Mr. Burton also bought of Mr. J. W. Prewitz of this county a mule at \$185.

Burley Tobacco Growers Boost Your Own Brands

We, as you know, are using your choicest tobacco in the brands of Strater Bros. Branch, and you know that nobody grows better tobacco than you do. You know how we manufacture, so you know that these brands are perfection. Now we want you to help us sell these brands this year even better than our best previous years. The reasons you should so help are as follows:

You Are Part Owner

The fact that you grow the tobacco makes you part owner of all these brands. Every time that one sells you profit. Every word that you say in favor of any helps to increase those sales. Every brand that you buy for your own use helps make those profits better. All our interests—your interests and ours—are pooled in these several tobaccos. It is logic that you should bend all of your efforts, however small, in the selling.

Tell Every Friend

Tell your friends of these brands. Tell them what you know of the tobacco. Tell them you grow it and smoke and chew it yourself, so you know. Tell them it comes from Kentucky, from the center of the richest Burley sections. Let them know it's the cream of your crops and that they can buy these brands from "most any dealer, because dealers know that these brands are the best they can buy."

Burley growers should be Burley Boosters and the best way to boost is to BUY Burley—YOUR OWN BRANDS—YOURSELF.

The United Power of 40,000 Buyers

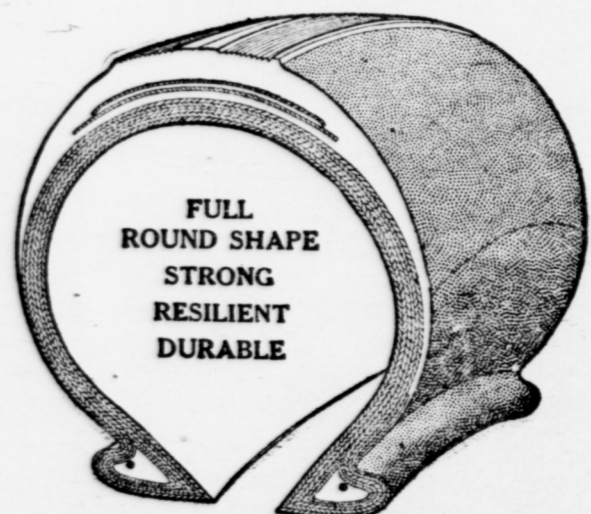

40,000 men in a section wield an enormous buying influence. If all ask for these brands when they buy tobacco there results a gigantic sale. And big sales are the best advertising known.

To Dealers! Dealers throughout the United States know these famous tobaccos. They are Nation-wide sellers—popular brands. They are helping these dealers to prosper. They are made from the pick of the famous crops of 40,000 growers. Every one of these growers is boosting them all. So are all of their friends. This method is bringing the profits to dealers—to those who sell these brands. Are they working for you? Here are the mild, fragrant smoking brands—GOLDEN GLOW—PENNY POST—FULL PAY. Here are the delicious chewing brands—INDEX—BY JOE TWIST—CUP—MOUNT WORK—ON THE SQUARE—TORCHLIGHT—STRATER'S NATURAL LEAF. Put them into your stock. See how they sell.

highly respected people of Lancaster

it must carry conviction to every reader:

was irregular and I had backaches. I
used Doan's Kidney Pills and they re-
lieved me."

MONEY BACK CARARRH REMEDY.

Dosing the stomach won't kill Catarrh
germs. Neither will spray, douches,
snuff or ointments.

The quickest way to kill germs is to
breathe deep into the lungs vaporized
air of Booth's HYOMEL.
As this antiseptic air passes over the
sore spots infested with Catarrh germs,
it not only destroys them, but heals the
inflamed membrane and stops the dis-
charge of mucus.

Then hawking, spitting, snuffing,
crusts in nose and foul breath will dis-
appear, and vile, disgusting Catarrh will
be conquered.

A complete HYOMEL outfit, which
includes a hard rubber inhaler, only
costs \$1.00. Extra bottles, if afterwires
needed, 50c; and R. E. McRoberts & Son
is authorized to refund your money if
dissatisfied.

French Lawyers Went on Strike.

Over 300 years ago one of the most
unusual strikes ever recorded took
place in Paris, when all the lawyers
walked out, so to speak. A law or
ordinance was issued and promulgated
by the French king, Henry III.,
ordering all lawyers to sign their
pleadings and to state the amount
they were charging their clients for
their services. This was done so
that the lawyers could be properly and
sufficiently taxed on their income. The
lawyers objected, and the strike, caus-
ing an entire stay of judicial proceed-
ings, followed. Peace was restored
by the non-enforcement of the ordon-
nance, though it was not repealed.

Many Driven From Home.

Every year, in many parts of the
country, thousands are driven from

eases. Friends and business are left

way—the way of multitudes—is to use
Dr. King's New Discovery and cure
yourself at home. Stay right there,
with your friends, and take this safe
medicine. Throat and lung troubles
find quick relief and health returns.
Its help in coughs, colds, grip, croup,
whooping-cough and sore lungs make
it a positive blessing. 50c and \$1.00

The Robinson Sale.

The sale of the estate of the late
James Robinson was most success-
fully conducted at the home place in
the forks of the Stanford, Hubble and
the Lancaster and Danville pikes on
Thursday of last week. A great crowd
was present, and bidding was spirited
and high on almost everything offered.

The farm, is a magnificent estate ly-
ing close to three cities and on good
roads, was sold in two pieces, being
susceptible to division. The house and
169 acres of land, on the south of the
Danville pike, was bought by W. S.
Tewmeyer, a son-in-law, of the late Mr.
Robinson, at \$110 an acre. Ninety-two
acres on the north of the Danville pike,
were bought by Sam Harris, Jr., for
his mother and family at an even \$100
an acre. This tract adjoins the Harris
home place; in fact, years ago was a
part of the old Engleman farm but in a
division, was sold to Mr. Robinson.
The acquisition of it by the Harris
family adds greatly to the value of their
already attractive estate. The whole
farm had been in the possession of
Mr. Robinson for 57 years, and is
considered a splendid piece of property.

A quantity of live stock was eagerly
bought by the bidders. In fact, every
thing sold well. A fine old-fashioned
burgoo dinner was served, and enjoyed
by the throng, many of whom were
ladies.

The sales of live stock and other
farm products were as follows.

Horse mule, J. B. Robinson \$101.
Mare mule, to same \$125.
Mare mule J. A. Robinson \$117.50.
Mare mule Wilson Alexander \$150.
Mare mule, Monte Fox \$202.50.
Horse mule, Wils Alexander \$100.
